

Dr Johanna M. Vos

American Museum of Natural History
200 Central Park West
NY 10024, USA
jvos@amnh.org

Current Position	American Museum of Natural History <i>Postdoctoral Fellow</i>	2018 – Present
Education	Institute for Astronomy, University of Edinburgh <i>PhD in Astronomy</i> Thesis: “Characterising Weather and Rotation on Substellar Worlds” Advisor: Dr Beth A. Biller	2014-2018
	Trinity College Dublin <i>BA (Mod) Physics with Astrophysics</i> Graduated with First Class Honours Thesis: “Sunspots and Solar Flares: The Role of Flows” Advisor: Dr Peter T. Gallagher	2010-2014
Research Interests	Atmospheres of brown dwarf and giant exoplanets Cloud-driven variability Young brown dwarfs as exoplanet analogs	
Awards	Cool Stars Travel Grant <i>August 2018</i> Principal’s Go Abroad Fund <i>University of Edinburgh, June 2018</i> Exoclipse Travel Grant <i>August 2017</i> Principal’s Career Development Scholarship <i>University of Edinburgh, 2014–2018</i> First-Class Book Prize <i>Trinity College Dublin, 2011, 2012, 2013</i>	
Telescope Time Awarded	Spatial Cloud Map of a Planetary-Mass Companion <i>Spitzer Space Telescope Director’s Discretionary Time, 33.1 hr, PI</i>	2019
	Weather and Rotation of Young Brown Dwarfs <i>Spitzer Space Telescope Medium Program, 70 hr, PI</i>	2018
	Rotational Velocities of Exoplanet Analogs <i>NASA Gemini/GNIRS and IRTF/iSHELL program, 10 nights, PI</i>	2016-2018
	Wind Speeds on Extrasolar Worlds <i>Spitzer Space Telescope, 30.8 hr & Very Large Array, 33 hr, Co-I</i>	2016-2018
	Exometeorology: Characterising Weather on a Young, Free-Floating Planet <i>Simultaneous Hubble and Spitzer observations, 17.6 hr, Co-I</i>	2016
	The First Search for Exoplanet Weather <i>ESO New Technology Telescope, 29 nights, PI</i>	2014-2017
Selected Presentations	Weather and Rotation on Substellar Worlds <i>Seminar, American Museum of Natural History, February 2019</i> Detecting Weather Patterns on Low-Gravity Brown Dwarfs	

Oral Presentation, AAS 233, Seattle, WA, January 2019

Weather Patterns on Exoplanet Analogs

Plenary Talk, Cool Stars 20, Boston, MA, July 2018.

The Viewing Angle of Exoplanet Analogues Influences Their Observed Colours and Amplitudes

Contributed Talk, Exoclipe, Boise, ID, July 2017

Measuring Inclination Angles of Variable Brown Dwarfs

Contributed Talk, Scottish Exoplanet and Brown Dwarf Meeting, 2017

The First Search for Weather Patterns on Exoplanet Analogues

Invited Talk, European Southern Observatories, Santiago, Chile, March 2017

Teaching Experience

Student Research Mentoring Program, AMNH

2018-Present

Mentor

The Student Research Mentoring Program (SRMP) offers high-school students the opportunity to join ongoing research with scientists at the American Museum of Natural History. I meet with three students twice a week to work on a research project. At the end of the year my students will present a poster, give a research talk and prepare a scientific paper on their project.

After School Program, AMNH

2019-Present

Instructor

Stars – An after school research course for high-school students in NYC.

University of Edinburgh

2014-2018

Teaching Assistant

2014-2015

Maths for Physics

Introductory Astrophysics

– TA duties included leading tutorials and workshops as well as grading assignments.

Head Teaching Assistant

2015-2018

Physics Experimental Lab

Observational Astronomy Lab

– In addition to regular duties, as Head TA I maintained and developed new and existing lab experiments. I also co-supervised a senior undergraduate student, who developed supporting resources for the lab.

Service

Referee, The Astrophysical Journal

Astronomy Representative, Postgraduate Forum, The University of Edinburgh

Student Representative, Astronomy Postgraduate Committee, The University of Edinburgh

Outreach Activities

StemEast, UK & Ireland

2014-2018

STEM Ambassador

As a STEM Ambassador I gave talks and workshops in secondary schools around Ireland and Scotland about astrophysics research and studying STEM subjects at university.

Royal Observatory of Edinburgh Winter Talk Series

2018

Speaker, “The Exoplanet-Brown Dwarf Connection”

Women are Boring

2018

Contributor, “Searching for Weather Patterns on Free-Floating Worlds”
 Pint of Science Festival 2017
Speaker, “Whatever the Weather”
 Edinburgh University Science Magazine 2017
Contributor, “Fingerprints From the Birth of the Universe”
 Kickstart Summer Programme 2015-2016
Workshop Leader
 Kickstart is a programme designed to give secondary students a taster of what university has to offer. In the summers of 2015 and 2016 I lead a workshop covering some of the topics involved in physics degree.
 Edinburgh International Science Festival 2015
Event Assistant
 Managed the University of Edinburgh family programme at the Edinburgh International Science Festival at the National Museum of Scotland.
