

Dr Johanna M. Vos

Postdoctoral Fellow
American Museum of Natural History
johannavos.github.io
jvos@amnh.org

Current Position	American Museum of Natural History <i>Postdoctoral Fellow</i>	2018 – Present
Education	Institute for Astronomy, University of Edinburgh <i>PhD in Astronomy</i> Thesis: “Characterising Weather and Rotation on Substellar Worlds” Advisor: Dr Beth A. Biller	2014-2018
	Trinity College Dublin <i>BA (Mod) Physics with Astrophysics</i> Graduated with First Class Honours Thesis: “Sunspots and Solar Flares: The Role of Flows” Advisor: Dr Peter T. Gallagher	2010-2014
Research Interests	Atmospheres of brown dwarf and giant exoplanets Cloud-driven variability Young brown dwarfs as exoplanet analogs	
Awards	Cool Stars Travel Grant <i>August 2018</i> Principal’s Go Abroad Fund <i>University of Edinburgh, June 2018</i> Exoclipse Travel Grant <i>August 2017</i> Principal’s Career Development Scholarship <i>University of Edinburgh, 2014–2018</i> First-Class Book Prize <i>Trinity College Dublin, 2011, 2012, 2013</i>	
Telescope Time Awarded	Spatial Cloud Map of a Planetary-Mass Companion <i>Spitzer Space Telescope Director’s Discretionary Time, 33.1 hr, PI</i>	2019
	Weather and Rotation of Young Brown Dwarfs <i>Spitzer Space Telescope Medium Program, 70 hr, PI</i>	2018
	Rotational Velocities of Exoplanet Analogs <i>NASA Gemini/GNIRS and IRTF/iSHELL program, 10 nights, PI</i>	2016-2018
	Wind Speeds on Extrasolar Worlds <i>Spitzer Space Telescope, 30.8 hr & Very Large Array, 33 hr, Co-I</i>	2016-2018
	Exometeorology: Characterising Weather on a Young, Free-Floating Planet <i>Simultaneous Hubble and Spitzer observations, 17.6 hr, Co-I</i>	2016
	The First Search for Exoplanet Weather <i>ESO New Technology Telescope, 29 nights, PI</i>	2014-2017
Presentations	Weather and Rotation on Substellar Worlds <i>Seminar, American Museum of Natural History, NY, USA</i>	2019
	Detecting Weather Patterns on Low-Gravity Brown Dwarfs	2019

	<p><i>Oral Presentation, AAS 233, Seattle, WA, USA</i></p> <p>Weather Patterns on Exoplanet Analogs 2018 <i>Plenary Talk, Cool Stars 20, Boston, MA, USA</i></p> <p>The Viewing Angle of Exoplanet Analogues Influences Their Observed Colours and Amplitudes 2017 <i>Contributed Talk, Exoclipe, Boise, ID, USA</i></p> <p>Testing the Effect of Viewing Angle on the Observed Properties of Brown Dwarfs and Exoplanet Analogues 2017 <i>Contributed Talk, Scottish Exoplanet and Brown Dwarf Meeting, University of Edinburgh, UK</i></p> <p>The First Search for Weather Patterns on Exoplanet Analogues 2017 <i>Invited Talk, European Southern Observatories, Santiago, Chile</i></p> <p>The First Search for Exoplanet Weather 2016 <i>Poster, UK Exoplanet Meeting, University of Exeter, UK</i> <i>Poster, Cool Stars 19, Uppsala University, Sweden</i></p> <p>The First Search for Exoplanet Weather 2015 <i>Contributed Talk, Scottish Exoplanet and Brown Dwarf Meeting, St Andrews, UK</i></p>
Workshops Attended	<p>Multi-Dimensional Characterization of Distant Worlds <i>University of Michigan, October 2018</i></p> <p>Other Worlds Laboratory <i>University of California, Santa Cruz, July 2019</i></p>
Teaching Experience	<p>Student Research Mentoring Program, AMNH 2018-Present <i>Mentor</i> The Student Research Mentoring Program (SRMP) offers high-school students the opportunity to join ongoing research with scientists at the American Museum of Natural History. I meet with three students twice a week to work on a research project. At the end of the year my students will present a poster, give a research talk and prepare a scientific paper on their project.</p> <p>After School Program, AMNH 2019-Present <i>Instructor</i> Stars – An after school research course for high-school students in NYC.</p> <p>University of Edinburgh 2014-2018 <i>Teaching Assistant</i> 2014-2015 Maths for Physics Introductory Astrophysics – TA duties included leading tutorials and workshops as well as grading assignments.</p> <p><i>Head Teaching Assistant</i> 2015-2018 Physics Experimental Lab Observational Astronomy Lab – In addition to regular duties, as Head TA I maintained and developed new and existing lab experiments. I also co-supervised a senior undergraduate student, who developed supporting resources for the lab.</p>

Service	<i>Referee</i> , The Astrophysical Journal	
	<i>Astrophysics Seminar Organizer</i> , American Museum of Natural History	
	<i>Astronomy Representative</i> , Postgraduate Forum, The University of Edinburgh	
	<i>Astronomy Postgraduate Committee Member</i> , The University of Edinburgh	
Outreach Activities	StemEast, UK & Ireland	2014-2018
	<i>STEM Ambassador</i>	
	As a STEM Ambassador I gave talks and workshops in secondary schools around Ireland and Scotland about astrophysics research and studying STEM subjects at university.	
	Royal Observatory of Edinburgh Winter Talk Series	2018
	<i>Speaker</i> , “The Exoplanet-Brown Dwarf Connection”	
	Women are Boring	2018
	<i>Contributor</i> , “Searching for Weather Patterns on Free-Floating Worlds”	
	Pint of Science Festival	2017
	<i>Speaker</i> , “Whatever the Weather”	
	Edinburgh University Science Magazine	2017
Refereed Publications	<i>Contributor</i> , “Fingerprints From the Birth of the Universe”	
	Kickstart Summer Programme	2015-2016
	<i>Workshop Leader</i>	
	Kickstart is a programme designed to give secondary students a taster of what university has to offer. In the summers of 2015 and 2016 I lead a workshop covering some of the topics involved in physics degree.	
	Edinburgh International Science Festival	2015
	<i>Event Assistant</i>	
	Managed the University of Edinburgh family programme at the Edinburgh International Science Festival at the National Museum of Scotland.
